Boralex commissions the Sources de l'Ancre wind farm and confirms the commercial commissioning of its Le Pelon wind farm in France

Montréal, January 30, 2019 – Boralex Inc. ("Boralex" or the "Corporation") (TSX: BLX) announces the commercial commissioning of the [Sources de l'Ancre](#) wind farm with 23 MW of installed capacity, located in the Somme department of France. With the commissioning of this wind farm, Boralex's capacity increases to 921 MW in France and a total 1,942 MW worldwide.

"In the short term, we're getting closer to our target of 1,000 MW in France by 2020. In the long run, our growth deepens our commitments to our community partners. By leveraging the combined efforts of all our teams, we can focus on the future and promoting the responsible and reasonable growth we want to achieve," said Patrick Decostre, Vice-President and General Manager, Boralex Europe.

The 15-year power purchasing agreement ("PPA") entered into with Electricité de France ("EDF") for the Sources de l'Ancre wind farm, effective January 1, 2019, consists of seven turbines manufactured by Vestas Wind System. The wind farm is expected to contribute €4.2 million or (C\$6.4 million) to Boralex's annualized EBITDA(A).

At full capacity, the Sources de l'Ancre wind farm will meet the average annual power needs of nearly 20,000 households, or about 9,000 people.

Boralex also confirms the commercial commissioning of its 10 MW [Le Pelon](#) wind farm located in the Deux-Sèvres department of France as announced its December 6, 2018 [press release](#).
